

Mr. Sikandar Mustafa Khan

Mr. Sikandar Mustafa Khan graduated as Mechanical Engineer from NED University of Engineering & Technology, Karachi in 1967. He has a Post Graduate Diploma from the University of New-Castle upon Tyne, UK (1969) and Masters' Degree & Diploma in Production Engineering (DIC) from Imperial College of Science and Technology, London University (1970). He also attended several management courses locally and

abroad, including international Advanced Management Program (1983) at International Management Institute, Geneva, Switzerland and Leadership Development Program at Center for Creative Leadership (Colorado Springs), USA. He participated in Financial Management Course (1989), Management Control Course (1990) at Pakistan Staff College, Lahore and Strategy for Business in Developing Countries Program (1993) at LUMS.

Mr. Khan was appointed as Managing Director/Chief Executive Officer of Millat Tractors Limited (MTL) in October 1985 while in the Public sector under Ministry of Production. He was instrumental in implementing the Government policy of indigenization of Tractor components both in-house and through vending associates. In pursuance of the Privatization Policy of the Government, he successfully led his team for Employees Buy-out of MTL and was elected the Chief Executive and Chairman of the Board in 1991. Additionally, he is also Chairman of a MTL subsidiary company Millat Industrial Products Limited and two associated Companies Bolan Castings Limited and Millat Equipment Limited.

Mr. Khan has also served on the Boards of several Companies of both Public and Private Sector organizations including the Engineering Development Board (Government of Pakistan) and the Board of Habib Bank Limited (March, 2010 to April, 2013), the largest private sector Bank of Pakistan. He has varied experience in the Automotive and Engineering Industry and has been associated with it since 1972.

He is serving as a Director/member on the Board of LUMS and University of NAMAL.

He was the Vice President of Lahore Chamber of Commerce & Industry (LCCI) from October, 1997 to September, 1998.

Mr. Khan also served as Chairman of the Pakistan Business Council (PBC) during the year 2016-2014; which is a business policy advocacy and research organization to meaningfully interact with government and other stakeholders including Foreign Financial Institutions and diplomatic representatives. PBC was formed in 2005 and comprises of the largest corporate sector enterprises in the private sector who have substantial investments in Pakistan's economy.

He also remained Chairman of the Institution of Mechanical Engineers UK, Pakistan Chapter in the year 2015; a global organization based in London.

Mr. Muhammad Mustafa Khan

Mr. Muhammad Mustafa Khan completed his Masters in Social Work from the University of Toronto in 2021. His certifications prove his competency in Narrative Therapy and Psycho-analysis. His certifications also include inter-professional health care in hospitals, child adoption and child welfare.

He attained a Bachelor's Degree in Psychology in 2016 from the University of Western Ontario, Canada and, upon graduating took a research position at the Hospital for Sick Children in Toronto. During his Masters education, Khan worked as a key worker at Workman Arts, a community based service at the Center of Addictions and Mental Health. In addition to this, Khan also worked with the adoption services at the Children Resource and Consultation Center in Toronto under the executive director, Mr. Michael Blugerman. Khan believes that Millat Tractor's success comes from the mutual respect and trust it's industry members have for one another. This includes the management, employees and the vending associates. In his role as a director he wishes to honor and uphold the qualities that sustain a decision making environment

that promote respect and cohesion. Khan believes that trust between the board members and the chief executive is paramount for promoting efficiency in a company. He believes that it is important that all decisions balance the interests of the shareholders while protecting the rights of the stakeholders such as the Pakistani farmer and agriculture community.
